Nolly's gums were in great shape, too: firm, pink, no sign of recession, snug to the neck of each tooth. "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them." Nearly two weeks ago, in the Spruce Hills hospital, Junior had been drawn by some strange magnetism to the viewing window at the neonatal-care unit. There, transfixed by the newborns, he sank into a slough of fear that threatened to undo him completely. By some sixth sense, he had realized that the mysterious Bartholomew had something to do with babies. He was uncharacteristically restive. His stoic nature, his long learned Jesuit philosophy regarding the acceptance of events as they unfold, and the acquired patience of a homicide

detective were insufficient to prevent frustration from taking root in him. In the more than two months since Enoch Cain vanished, following the murder of Reverend White, no trace of the killer had been found. Week by week, the slender sapling of frustration had grown into a tree and then into a forest, until Tom began every morning by looking out through the tightly woven branches of impatience..Uneasy nevertheless, Agnes went down the hall to her son's room and found that he had fallen asleep sitting up, while reading. She slipped *The Star Beast* out of the tangle of his arms, marked his place with the jacket flap, and put the book on the nightstand..With everyone in the diner now aware of Junior, with every head turned toward him and with every wary eye tracking him, he dropped the bun cap and the mustard dispenser on the floor. Barging through the swinging gate at the end of the lunch counter, he entered the narrow work area behind it.."Go home. Sleep," he said. "You'll be no help to your sister if you wind up a patient here yourself.".Two soft-boiled eggs, one slice of bread neither toasted nor buttered, a glass of apple juice, and a dish of orange.His leonine head and bold features, framed by golden hair, should have conveyed strength, but the impression he might have made was compromised by a fringe of bangs that curled across his forehead, a style unfortunately reminiscent of effete emperors of ancient Rome..This was a memory, not a real voice. Even after you became an accomplished meditator, the mind resisted this degree of blissful oblivion and tried to sabotage it with aural and visual memories..Celestina almost begged off, almost told him that she had no interest in whatever curiosity of medicine or physiology he might have witnessed. The only miracle that would have mattered, Phimie's survival, had not been granted.."Yes, Barty," Tom said. "I feel a depth to life, layers beyond layers. Sometimes it's ... scary. Mostly it inspires me. I can't see these other worlds, can't move between them. But with this quarter, I can prove that what I feel isn't my imagination." He extracted a quarter from a jacket pocket, holding it between thumb and forefinger for all but Barty to see. "Angel?".In recounting the fortune-telling session, Agnes had not told the magician about the four jacks of spades, only about the aces of diamonds and hearts. She never wore her worries for anyone to see; and though she had made a joke of the appearance of the fourth knave on Friday, Edom knew that it had deeply troubled her..Those ominous words again, turning through his memory, reel to reel. This time he actually heard them spoken. The voice commanded minded attention with a deeper timbre and crisper diction than his own..In the living room, he removed a decorative pillow from the sofa. He carried it into the foyer..He squirmed deep under the covers, clamped a plump pillow over his head to muffle the singing, and chanted, "Find the father, kill the son," until at last he fell exhausted into sleep..By "all of that," he meant the groceries that she and Joey often sent along with the pies, the occasional mortgage payment they made for someone down on his luck, and the other quiet philanthropies..When he reached the Suburban and closed his right hand around the handle on the driver's door, he felt something peculiar against his palm. A small, cold object balanced there..Immediately at the thought of regurgitation, his abdominal muscles contracted like those of a laboratory frog zapped by an electric current, and he choked on a rising horror..Eventually, a braless blonde in shiny white plastic boots, a white miniskirt, and a hot-pink T-shirt featuring the silk-screened face of Albert Einstein, said, "Sure, I know her. Had some classes with her. She's nice enough, but she's kind of nerdy, especially for an Afro-American. I mean, they're never nerdy--am I right?".Now, on his kitchenette table, two nights after Maria's reading, Jacob finished integrating the four decks as he had done Friday in the dining room of the main house. His work completed, he sat for a while, staring at the stack of cards, hesitant to proceed..Murmuring reassurances, Celestina put a hand on the girl's head and smoothed her brow, her hair, until the sour dream was sweetened by the touch..Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?".Heart racing, but reminding himself that strength and wisdom arose from a calm mind, Junior stood in the center of the small kitchen, slowly turning to study every angle of the room.."I ALWAYS EAT CAV-EE-JAR FOR BREAKFAST," said Velveeta Cheese in her stuffed-bear voice..She looked down at her clasped hands. Made for work, these hands, and always ready to take on any task. Strong, nimble, reliable hands, but useless to her now, unable to perform the one miracle she needed. "Barty's birthday is in eight days. I was hoping. . .".He opened his mouth but stood mute. Raised his right hand from his side. Worked his fingers in the air, as though the needed words could be strummed from the ether. He felt stupid, foolish..Junior worried that he might not locate the correct Dumpster among the many. Yet he didn't switch on the flashlight, suspecting that he would be better able to find his way if the conditions of darkness and fog were exactly as they had been earlier. In fact, this proved to be the case, and he instantly recognized the hulking Dumpster when he came upon it..Almost thirty years from the seminary--even farther from it if measured by degrees of lost innocence, by miles of rough experience Tom Vanadium set out to kill a man. Given the chance to disarm Cain, given the opportunity to merely wound him, he would nevertheless go for the head shot or the heart shot, play jury and executioner, play God, and leave to God the judgment of his stained soul..Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within..As one of the two paramedics hurried to the ambulance van and scrambled into the driver's seat, Agnes suffered another contraction so severe that for a tremulous moment, at the peak of the agony, she almost lost consciousness..For guidance, Agnes couldn't rely entirely on any of the child rearing books in her library. Barty's unique gifts presented her with special parenting problems. Now, when he asked if he could stay up even later, to read about John Thomas Stuart and Lummo, John's pet from another world, she granted him permission..He let go of the girl's chin, and at once she scrunched into the corner of the window seat, as far away from him as she could get. The knowing look in her eye wasn't that of an ordinary child, not that of a child at all. Not his imagination, either. Terror, yes, but also defiance, and this knowing expression, as though she could see right through him, knew things about him that she had no way of knowing..Before he could replay the memory for further contemplation, Junior saw Ichabod exiting the house. The man returned to the Buick, seeming to float through the mist, like a phantom on a moor. He started the engine, quickly hung a U-turn in the street, and drove uphill to the house from which he had earlier collected Bartholomew..Waking from a starry night in the Old West into electric light, gazing up into a blur of faces sans cowboy hats, Agnes felt someone moving a

piece of ice in slow circles over her bare abdomen. Shivering as the cold water trickled down her sides, she tried to ask them why they were applying ice when she was already chilled to the bone, but she couldn't find her voice..When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now."..IN HIS FORD VAN filled with needlepoint and Sklent and Zedd, Junior Cain-Pinchbeck to the world-left the Bay Area by a back door. He took State Highway 24 to Walnut Creek, which might or might not have walnuts, but which offered a mountain and a state park named for the devil: Mount Diablo. State Highway 4 to Antioch brought him to a crossing of the river delta west of Bethel Island. Bethel, for those who had taken good advanced courses in vocabulary improvement, meant "sacred place."..Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies..Thrilled by the music but unable to understand a word of the play, he arranged German lessons with a private tutor..He went upstairs to change out of his dark blue suit and badly scuffed black shoes..Spinning off the stool, he had also spun out of control. Second by second, twin storms of anger and fear whirled stronger within him..They were in the rain, the solid-glassy-pounding-roaring rain, every bit as much as Gene Kelly had been when he danced and sang and capered along a storm-soaked city street in that movie, but whereas the actor had been saturated by the end of the number, these two children remained dry. Tom's eyes strained to resolve this paradox, even though he knew that all miracles defied resolution..Strangely, as sometimes happened in this room, his missing toe itched. There was no point in removing his shoe and sock to scratch the stump, because that would provide no relief. Curiously, the itch was in the phantom toe itself, where it could never be scratched..In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number of words it contained..Robert Heinlein saved her. Over hot dogs and chips, she read to Barty from Red Planet, beginning at the top of page 104. He had previously shared enough of the story with Agnes so that she felt connected to the narrative, and soon she was sufficiently involved with the tale that she was better able to conceal her anguish..Either operating on first-aid knowledge of his own or responding to an instruction from the medic, the cop slipped a foam pillow under Agnes's head..If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors..The second and third rooms proved to be deserted, as well, and as muffled as the cushioned spaces of a funeral home, but an office was tucked discreetly at the back of the final chamber. As Junior crossed the third room, apparently monitored by closed-circuit security cameras, a man glided out of the office to greet him..By the time he put his suitcase and three boxes of books--the collected works of Zedd and selections from the Book-of-the-Month Club-in the Suburban, Junior had rushed twice more to the bathroom. His legs were shaky, and he felt hollow, frail, as if he'd lost more than was apparent, as if the essential substance of himself was gone..Fortunately, at least the desk was cigarette-scarred, because it came with the office. It had been the property of a skip-tracer named Otto Zelm, who'd made a good living at the kind of work Nolly avoided out of boredom: tracking down deadbeats and repossessing their vehicles. On a stakeout, Zelm fell asleep in his car, while smoking, thereby triggering the payoff of both life- and casualty-insurance policies, and freeing the lease on this furnished space.."Sit down, sit down," Agnes urged. "I can offer coffee now and pie in a little bit."..He followed an alleyway to the building's service entrance, for which he possessed a key that wasn't provided to other tenants. He unlocked the steel door and stepped into a small, dimly lighted receiving room with gray walls and a speckled blue linoleum floor.."I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me."..Although Junior was free of the superstitions that Naomi, in her innocence and sentimentality, had embraced, he wept without pretense..His mouth was dry when he said to Angel, "Well, it seems pretty magical to me-that flipped-coin trick."..Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain..When she tried to speak to him, she could no more easily raise her voice than she could extend a hand to him..Hisscus, Nork, and Knacker exchanged sharp glances, nonplussed. Finally, one of them said, "We couldn't do that, Mr. Cain. Not until you've consulted an attorney."..He repressed the scream, however, because he sensed that if he gave voice to it, he wouldn't be able to silence himself for a long long time..Before they set out for the amusement park, Agnes pulled him aside, held him close, and said, "Listen, kid of mine, I'm not giving up. Don't think I ever would. Let's have fun today. This evening, you and I and Angel will convene a meeting of the North Pole Society of Not Evil Adventurers"-the girl had become the third member years ago" and all truths will be told and secrets known. ".Paul pulled her back. He gently but firmly thrust her through the open door of the guest room in which he'd spent the night. "Stay here, wait."..Hunched over his desk, leaning forward conspiratorially, his piggy eyes glittering like those of an ogre discussing his favorite recipe for cooking children, Nolly said, "I've been able to confirm your suspicions..The quarter, surely. The one that had not been in his robe pocket where it should have been, the previous Friday..When the highway passed through a sunless ravine, he had broken into a sour sweat at the sight of the bloody pulsing reflections of the revolving rooftop beacons on the bracketing cut-shale walls. Now and then, the siren shrieked to clear traffic ahead, and he felt the urge to scream with it, to let loose a wail of terror and anguish and confusion and loss.."Indeed, you did," said Magusson. "And I dismissed him as a well intentioned crusader, a holy fool. Looks like you had a better take on him than I did, Mr. Cain."..The glimmering bay and the shimmering amber candlelight provided the perfect atmosphere for the song that arose now from the piano in the bar..He nodded. "The effect not only comes before a cause in this case, but completely without a cause. The effect is staying dry in the rain, but the cause-supposedly walking in a dryer world-never occurs. Only the idea of it."..When Agnes pressed for a diagnosis, Dr. Chan quietly pleaded the need to gather more information. After Barty had seen the oncologist and had additional tests, he and his mother would return here in the afternoon to receive a diagnosis and counseling in treatment options..Sparky wasn't a bad guy, not easily bought, and if he'd been asked to sell out any tenant other than Cain, he probably wouldn't have done so at any price. He greatly disliked Cain, however, and considered him to be "as strange and creepy as a syphilitic monkey."..For a while, Junior half convinced himself that the quarter in his cheeseburger, in December '65, was a meaningless coincidence, unrelated to Vanadium. His short tour of the kitchen, in search of the perpetrator, had given him reason to believe the diner's sanitary standards were inadequate. Recalling the greasy men on that culinary death

squad, he knew that he'd been fortunate not to discover a dead rodent spread-eagle on the melted cheese, or an old sock..The custom-fitted gold-link band of the wristwatch closed with a clasp that, when released, allowed the watch to slip over the hand with ease. Junior knew at once that the clasp had come undone when his arm tangled in the belt of Neddy's raincoat. The corpse had torn loose and tumbled into the Dumpster, taking Junior's watch with it..And here, now, into the kitchen through a door with a porthole in the center. Into sizzle and clatter, into clouds of fried-onion fumes and the mouthwatering aromas of chicken fat and shoestring potatoes turning golden in deep wells of boiling cooking oil.. "I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt..".In the end, the reason for the walking was the walking itself. Walking gave him something to do, a needed purpose. Motion equaled meaning. Movement became a medicine for melancholy, a preventive for madness..Celestina hadn't noticed the infant being taken away. She had wanted to see it once more, even though she was sickened by the sight of it.. "Do you know him? " Edom asked, gazing longingly now at the open door, from which Jacob had turned away. "Obadiah Sepharad? ". "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty-".He didn't realize he was swinging the candlestick at Vanadium's face until he saw the blow land. And then he couldn't stop himself from swinging it yet once more..He doused the light and crouched motionless in the absolute darkness, leaning against a wall of the dumpster to steady himself, because his feet were planted in slippery layers of fog-dampened plastic trash bags..The decision had already been made that Grace would move in with Celestina and then-following the wedding-with Celestina and Wally. In Spruce Hills, she had dear friends whom she would miss, but there was nothing else in Oregon to draw her back, other than the narrow plot beside Harrison, where she expected eventually to be buried. The parsonage fire had destroyed all her personal effects and every family treasure from Celestina's grade-school spelling-bee medals to the last precious photograph. She wanted only to be close to her one remaining daughter and her granddaughter, to be part of the new life that they would build with Wally Lipscomb..Unable to hold his breath or to quiet his miserable sobbing, Junior couldn't hear clearly enough to discern whether the sounds of the stalking sculpture were real or imagined. He knew that they had to be imaginary, but he felt they were real..IN HOSPITALS, AS in farmhouses, breakfast comes soon after dawn, because both healing and growing are hard work, and long days of labor required to save the human species, which spends as mu& time earning its pain and hunger as it does trying to escape them.. "If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?"
